

MSC set to reduce transit times on the MedUSEC service

23 February 2018

Seven days of navigation from Sines to New York.

From next March, the Mediterranean Shipping Company (MSC) will improve the transit times on its MedUSEC service which connects the Western Mediterranean ports to the East Coast of the United States.

The new service rotation will call at the Ports of Tanger Med, Valencia, Gioia Tauro, Naples, Livorno, Genoa, Valencia, Algeciras, Sines, New York, Baltimore, Norfolk, Savannah, Charleston. The transit time Sines-New York will be seven days.
