

The Ports of Genoa guarantee the supply chain for essential goods

22 March 2020

The Ports of Genoa, Pra', Savona and Vado Ligure guarantee all vessel and cargo handling operations in compliance with the latest Italian Prime Ministerial emergency measures which provides for the ongoing production of essential goods for the nation, amid the closure of non-strategic activities.

This is the statement which emerged from the Emergency Covid-19 Port Task Force meeting which concluded last night.

The huge efforts made on the part of all the port and logistic service providers is dedicated to safeguarding both the health and welfare of workers and, simultaneously, the operational viability of the supply chain across the country for the provision of all essential goods.
